MYERS

Tobacco cutting is the order of the day. Some tobacco is ripening satisfactorily, while some went to the bad during the wet weather. It is very difficult to handle, being very snappy and brittle, and these hot days scald the weed soon after it is cut if left lying in the fields; and as it cannot be handled until it wilts, it seems to be rather a difficult problem.

J. F. Ellenburg and son, C. D., and L. M. Wampler, were here one day last week weighing up some nice cattle bought of Hon. Newton C. Myers and others.

If our high Sheriff or deputies again refuse to respond when called, as has been the case here, we think that it is time that something be done. Mr. J. A. Harrison and son, Otis, of your city, spent Sunday here the guests of Aunt Hannah Trobaugh and Mr. and Mrs. Ernest Hartman.

J. E. Bible and family had as their guests Sunday, Mr. and Mrs. Ernest Bible and children, of Mohawk.

We have been informed that W. N. Rader has swapped his farm here for the C. S. Walker farm, three miles west of your city, on the Knoxville pike.

Hon. J. M. Henard and W. S. Bible have purchased a corn harvester.

Mr. and Mrs. A. F. Bible and children and Mrs. Ethel Pennington spent Sunday in Morristown as guests of Mr. and Mrs. McAfee.

Mrs. C. C. Bible and Mr. Will Henard had a slight automobile collision one day last week at the Henard scales crossing. Fortunately no one was hurt. Miss Estla Blue was acting as flagman for Mrs. Bible, but failed to give the proper signal.

Billy Rader moved his family from this neighborhood to the Glenwood settlement last week.

Noah Henard and Dal Pruitt left the first of last week for the great Northwest to seek their fortunes. Guess they found it as they returned the pater part of the week.

Mr. and Mrs. Hays, of Gettschmane, spent Saturday and Sunday here.

Cecil and Robert, little sons of Mr. and Mrs. Willie Bible, are very much grieved over the disappearance of their dog—a heavy fiste, brindle in color. Nothing would please the boys more than information of his whereabouts.

James, son of Mr. and Mrs. J. C. Dixon, has been missing since the 4th inst. He went to Greenville to see the Sparks show, and cannot be found among his relatives anywhere. They would be very glad to locate him. He is probably 14 years old.

The ice cream supper at Mt. Pleasant Thursday evening of last week netted about \$40, we are informed.

Clover seed is sprouting in the windrow; potatoes are rotting in the ground, due to the wet weather. Apples are rotting on the ground, due to the scarcity of labor in the fruit belt. All this means that clover seed, spuds and apple dumplings will be like a mad cat's back this winter and next spring.

Cox, the Democratic nominee for President, deserves the nickname of "Granny."

MRS PICKLE HOSTESS

Mrs. Ferd W. Pickle was hostess Friday at a luncheon tendered at the Whittle Springs Golf and Country club in honor of Mrs. Shaw of New York, and Mrs. Waterbury of Memphis.

The decorations of the table were cosmos and the color scheme was pink and white.—Journal and Tribune.

THE MISERY OF BACKACHE

Removed by Lydia E. Pinkham's Vegetable Compound.

Muskegon, Mich.—"For six years I was so weak in my back at times that I could hardly walk. Lydia E. Pinkham's Vegetable Compound was recommended to me and it made me good and strong again so that I am able to do all my work. I highly recommend your medicine and tell everyone I meet what it did for me."
—Mrs. G. SCROOGE.
FIELD, 240 Wood Ave, Muskegon, Mich.

Woman's Precious Gift

The one which she should most zealously guard is her health, but she often neglects to do so in season until some ailment peculiar to her sex has fastened itself upon her. When so affected women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Milkoline At 2c a Gallon

Milkoline has a base of pasteurized and sterilized, modified Buttermilk. It is guaranteed not to contain any sulphuric acid or anything of an injurious nature to hogs or poultry.

Aids Digestion

Thousands of the most successful hog raisers from New York to California during the past seven years have proved that Milkoline helps and aids digestion, tending to insure perfect assimilation of food. It helps tone up the system so that hogs are less subject to disease, and practically insure gain of 2 1/2 pounds per head per day.

University Tested

Professor W. B. Combs while Asst. Prof. of Dairy Husbandry at Missouri University conducted a scientific test on Milkoline and found that Milkoline fed hogs put on more weight and showed 25.7% more profit than hogs not fed Milkoline. W. H. Graham, successful feeder of Middlebury, Mo., said \$30 worth of Milkoline made him an extra profit of \$40. Lee Jackson of Wappingers Falls, N. Y., says Milkoline fixed up a bunch of shoats in fine style and is great for brood sows.
